

SOME HELPFUL TIPS.....

These are a few ideas to really increase the participation level of your sale, during the sale. Use your imagination to come up with an activity that will work for your group.

During the sale recognize the classroom with the most participation for that day....during morning announcements tell everyone that "Ms. Smith" class won popsicles for their participation.

Have the PTA volunteer's phone parents during the sale and remind them to support the school.

Have a LARGE display of what your raising money for. New playground equipment, fieldtrips, computers, etc...

Get the principal involved any way you can. Meet your fundraising goal and the principal get's a pie in the face, buzz cut, wear a funny costume etc..
